Malibu, CA

Bachelor of Arts in Organizational
Communication and Business

Woman of the Year - 1989
Studied in
Heidelberg, Germany, 1987

EXPERIENCE

Political Appointee, Washington DC, 2020-2021

The President's Commission on White House Fellowships

Deputy Director and U.S. Office of Personnel Management
Executive Secretariat and Resource Management Officer

Served the Trump Administration in both strategic and support roles, participating in policy creation, program assessment and adjustment, IT modernization, document management, retention and compliance, budget oversight, staff development, event conceptualization and public speaking roles.

World for Brexit, 2019-2020

Global Chair and Spokesman

Led a global coalition established to support the 17M people in the UK who voted to Leave the EU. W4B believed votes count and as Chair I was actively engaged on the world stage educating, advocating and messaging positively on behalf of the will and voice of the voters. We were committed to ensuring a full Brexit, as well as peace and prosperity post-Brexit in the UK and through strong US-UK trade.

Office of Ronald Reagan, 1989-1999

Executive Assistant to the President

Serving as Ronald Reagan's post-president Executive Assistant, I was the liaison between Ronald Reagan personally and his staff, the public, local dignitaries and world leaders. I ensured his events, travel, personal and political relationships and day to day operations were handled efficiently and effectively. I served as his post-presidency photographer and had a front row seat to history and got to know Ronald Reagan the man, not just the president.

Grande & Associates, 2016 - present

Working alongside top brands and global organizations in a wide range of roles - from one-time launch events to long term relationship building, from interfacing with the White House to addressing the homeless crisis in Los Angeles, I bring passion and professionalism to each challenge. Unafraid to tackle even the most challenging circumstances, I approach projects with gratitude and grit. In writing projects, television, radio, podcasts and live vents, I engage with historical, political, student groups, corporate leaders, and executive assistant organizations.
